

Weatherproof Tape, Self Amalgamating for In-Field Use, 0.03-In Thickness, 1.5-in wide and 15 feet Length

KPCB001

Features

- Water-tight and Weather Resistant
- Excellent Tear Resistance
- UV and Ozone Resistant
- Operating Temp -40 deg to 230 deg F
- Highly Flexible & Easily Removable

Applications

- Outdoor RF Cable Assembly Installations
- Wireless Communications
- Protection against Corrosion from Weather, Moisture and other Outdoor Elements

Description

The KP Performance KPCB001 magic tape is a 1.5-Inch, black self-amalgamating rubber tape that is easy to install over any combination of coax type connectors and cables, and reduce space once installed. This magic tape is available in black color and has 0.03-Inch thickness. The self-amalgamating feature of this magic tape enables to bond to itself, making it ideal for several applications where the bonding of two surfaces is required.

This highly flexible self-amalgamating rubber tape from KP Performance features excellent tear resistance. Our insulation tape can provide protection against UV rays, Ozone, and moisture. This magic tape is designed to operate at temperatures ranging from -40 to 230 deg F.

The magic tape from KP Performance comes in 1.5-inch width and 15-foot long roll. This KPCB001 magic tape is used in corrosion protection, waterproofing, jointing and repair of cables. Make your online purchase right now to take advantage of our same business day shipping.

KP Performance has one of the largest in-stock selection of 15-feet, black self-amalgamating magic tape for international and domestic orders. For further information on similar products, our expert technical support and knowledgeable sales team can help you get the 15-foot, black self-amalgamating rubber magic tape for your requirements.
